Mr Geyser Plumbing and Electrical uses him for all their new and renovation work. Unfortunately, I had a very bad experience with Ronald in December 2017. He tiled my garage floor shortly before Christmas and, as expected, did a very good job. Stupidly I paid him for the entire job while there were still odd bits outstanding. More than a month later I gave up trying to get him to come and finish not even a morning's work. |

However, they are not too hot with fixing their own work. Boris did fibre-lining of my pool – now (Dec 2020) coming back for the 3 rd time to fix / repaint and re-do mosaic tiles and grouting. AV 2016 – Friends of mine bought a pool cover from Pool Solutions in December 2016 and found both the end product and the service most disappointing. The cover was much bigger than ordered and very poorly fitted together. When they complained, the customer service was almost non- existent and a refund of the deposit was refused. |
